Savannah District Design Manual for Military Construction

Volume II of II - Technical, Cost Estimating
and Value Engineering Requirements

US Army Corps of Engineers
Savannah District
P.O. Box 889
Savannah, Georgia 31402-0889

VOLUME II

TECHNICAL,
COST ESTIMATING,
AND
VALUE ENGINEERING
REQUIREMENTS

ENGINEERING DIVISION

TABLE OF CONTENTS

PART A
DESIGN BRANCH
AND COST ENGINEERING BRANCH

PART B
GEOTECHNICAL BRANCH

PART C
VALUE ENGINEERING

TABLE OF CONTENTS

PART A - DESIGN BRANCH AND COST ENGINEERING BRANCH

| | |
|--------------|--|
| PREFACE | DESIGN BRANCH AND COST ENGINEERING BRANCH |
| CHAPTER A-1 | SITE DEVELOPMENT |
| CHAPTER A-2 | STRUCTURAL |
| CHAPTER A-3 | ARCHITECTURAL |
| CHAPTER A-4 | MECHANICAL |
| CHAPTER A-5 | ELECTRICAL POWER, LIGHTING, GROUNDING, COMMUNICATIONS AND ALARM SYSTEMS |
| CHAPTER A-6 | FIRE PROTECTION |
| CHAPTER A-7 | ENERGY ANALYSES, ECONOMIC ANALYSES, CONTROL SYSTEMS, EMCS |
| CHAPTER A-8 | ENVIRONMENTAL |
| CHAPTER A-9 | COST ESTIMATES |
| CHAPTER A-10 | DRAWINGS |
| CHAPTER A-11 | SPECIFICATIONS |
| CHAPTER A-12 | ASBESTOS IDENTIFICATION AND REMOVAL |
| CHAPTER A-13 | LEAD HANDLING AND REMOVAL |
| CHAPTER A-14 | SUSTAINABLE DESIGN |
| CHAPTER A-15 | INTERIOR DESIGN |

PART B - GEOTECHNICAL BRANCH

| | |
|-------------|--------------|
| CHAPTER B-1 | GEOTECHNICAL |
| CHAPTER B-2 | SOILS |

PART C - VALUE ENGINEERING

| | |
|-----------|-------------------|
| CHAPTER C | VALUE ENGINEERING |
|-----------|-------------------|

**DESIGN BRANCH AND COST
ENGINEERING BRANCH**

INDEX

| Para. No. | Title | Page No. |
|-----------|-------------------------------|----------|
| 1.1 | GENERAL | A-0-1 |
| 1.2 | COST ENGINEERING BRANCH | A-0-1 |
| 1.3 | COORDINATION | A-0-1 |

PREFICE

DESIGN BRANCH AND COST ENGINEERING BRANCH

1.1 **GENERAL.** Design Branch is responsible for the performance of all design and design related activities in the areas of site development, architectural, electrical, energy, environmental, mechanical and structural design. The Engineering Management Branch consists of two technical support sections, which are responsible for drafting quality, specifications preparation and the technical management support to the design effort. The sections within the Engineering the chapters of this volume for which they are responsible are:

| | |
|--------------------------------------|--------------|
| Site Development (SASEN-DG) | Chapter A-1 |
| Structural (SASEN-DS) | Chapter A-2 |
| Architectural (SASEN-DA) | Chapter A-3 |
| Mechanical (SASEN-DM) | Chapter A-4 |
| Electrical (SASEN-DE) | Chapter A-5 |
| Fire Protection (SASEN-DM/F) | Chapter A-6 |
| Energy Analysis (SASEN-DM/C) | Chapter A-7 |
| Environmental (SASEN-DG) | Chapter A-8 |
| Cost Engineering (SASEN-EE) | Chapter A-9 |
| Drawings (SASEN-EC) | Chapter A-10 |
| Specifications (SASEN-ES) | Chapter A-11 |
| Asbestos Abatement (SASEN-GH) | Chapter A-12 |
| Lead Handling and Removal (SASEN-GH) | Chapter A-13 |
| Sustainable Design (SASEN-D) | Chapter A-14 |
| Interior Design (SASEN-DA/I) | Chapter A-15 |

1.2 **COORDINATION.** While some direct contact between the A/E designer and Corps design team members may be necessary, all communications should flow through the Project Engineer or Project Manager. In cases where direct contact

is needed, a phone conversation record shall be made and copy furnished to the respective project manager. A/E shall not be directed to do work outside contract scopes of work.
